Learn.com announces record breaking 2008 fiscal year for revenue and profitability as the company enters its 10th year of service to clients

Learn.com | Sunrise, FL | 8-January-2009

Learn.com®, the leader in on-demand workforce development and productivity, today announced that the company's financial performance shattered several records in 2008. Learn.com not only turned in another record year in revenue, but the fourth quarter was its best ever, and most importantly, December 2008 was the best sales booking month in the company's history with more than 50% annual growth. Learn.com was able to achieve this impressive growth while still maintaining positive net income and cash flow. This strong financial performance underscores the value Learn.com brings to its clients and validates Learn.com's unique Software as a Service (SaaS) business model.
