

MOUSE IN THE HOUSE

A look at presenter mice.

BY SARAH BOEHLE

COMPANY: Movea Inc.
PRODUCT: Gyration Air Mouse
PRICE: \$99.99
HOW TO BUY: Online at www.gyration.com/?l=en#productDetail/office/goProMouse and at electronics retailers
FEATURES: With Movea's Gyration Air Mouse, natural hand gestures are all it takes for users to point, highlight, zoom, scroll, and surf the Web. Assignable feature buttons offer additional control. The unit uses a 2.4 GHz radio frequency link, providing a range of 100 feet where the signal is powerful enough to penetrate walls and other obstructions, and will not be disrupted by Wi-Fi or mobile phone signals. Designed to accommodate both left- and right-handed users, it includes a USB dongle and carrying case. PC compatible.

COMPANY: SMK-Link Electronics Corp.
PRODUCT: Interlink Wireless Presenter Mouse
PRICE: \$69.99
HOW TO BUY: Online at www.smklink.com/Interlink_presentation_products/wirelesspresentermouse.html
FEATURES: The Interlink Wireless Presenter Mouse from SMK-Link Electronics is a high-resolution optical mouse with integrated PowerPoint controls and laser pointer. PowerPoint buttons include SlideShow/Esc, Dark Screen/Resume, and Application Switch, in addition to standard Next Page/Previous Page controls. The unit offers up to 33 feet of reliable wireless transmission and includes an in-use recharging capability delivered by USB cable (included). PC and Mac compatible, with no software driver installation required.

COMPANY: Kensington Computer Products Group
PRODUCT: SlimBlade Presenter Media Mouse
PRICE: \$79.99
HOW TO BUY: Online at <http://us.kensington.com/html/13879.html>
FEATURES: Kensington's SlimBlade Presenter Media Mouse multifunction navigation pad, media controller, and 360-degree scroll ball enable users to navigate through documents, presentations, Web pages, and other digital
