# Why Attend Learning Technologies 2010?

- Messages
- Knowledge sharing
- Peer experience
- The next step in learning
- Software and suppliers

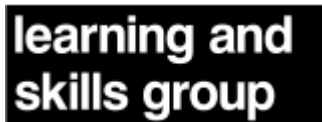

# Sessions

- 60+ free seminars
- Conference speakers split into 4 tracks of learning.
- Vast array of professional knowledge.
- Identify your aims pre conference.

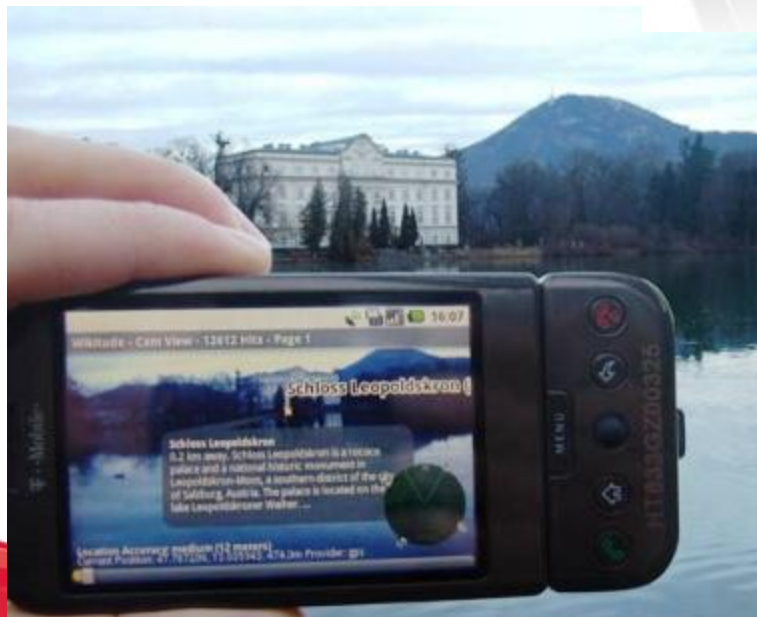

# The Next Big Thing

## Social Networking

- Mobile Devices

- Augmented Reality / Gaming Learning

# Messages

- Smarter, Cleverer, more adaptable (Lord Puttnam)
- Informed and literate digital participants (Lord Puttnam)
- Expensive e-learning programs of the last 10 years are slowly being replaced by dynamically-produced videos, virtual classroom replays, and other highly dynamic content (Josh Bersin)
- Compared to USA the UK spends 29% more per learner but uses half as much eLearning. (Josh Bersin)

# The Next Steps

- Learning and Skills Group website, Social networking with peers alongside info from the conference. All keynote speakers and learning tracks recorded and available to members.
- Explore possible software and learning tools.
- Identify opportunities
- Act on ideas

# Summary

- Wonderful networking experience
- Staggering amount of software and services on offer to view and investigate
- New ideas, old ideas refreshed
- Excellent opportunity to identify opportunities or pitfalls of potential approaches to e-learning
